

From simple extensions popping-off the billboard, to complex moving parts, we offer the skills and advanced production technology to make your design dreams come alive!

SIZE: 3D ELEMENT HEIGHT ABOVE BILLBOARD TOP - UP TO 6"
3D ELEMENT DEPTH FROM FACE - OUT TO 12"
3D ELEMENT DEPTH FROM FRONT OR REAR - OUT TO 6"

ADDED WEIGHT: TOTAL WEIGHT PER SIDE - UP TO 150 LBS

NOTE: ALL CLIENT SUPPLIED 3D ELEMENTS MUST BE INSTALLED BY THE BILLBOARDS2GO.COM PROPS PRODUCTION DEPARTMENT

TYPICAL MATERIALS: FIBERGLASS, VACUUM FORMED, ALUMINUM, SINTRA BOARD, CORRUGATED PLASTIC, LED, FIBER OPTIC, ETC.

PRICE QUOTE: Because each job is unique, a quote can be provided once we have a clear understanding of the client's design goals and media budget.

Shown above: working on an extension element for a NJ Lottery campaign.
